The October 25th Holmes Park Senior Mixer event had two flights comprising 78 golfers utilizing 75% of each player's handicap. The computer-generated teams showed great parity in both flights as scores were relatively close. As has been the case for most of the year the weather was sunny and clear which was a fitting end to a wonderful 2023 season of tournaments.

Pin prizes were awarded on Hole 9 for closest to the pin and hole 18 for longest putt. Roger Coleman and Tom Meyer won those respectively. Make sure to check out future Neighborhood Extra editions and LSMGL website for all results.
