

Members present: Allen, Bauer, Pauling, Westerhoff, Augustine, Hedges, Lacquement, Jessen, Tritt, Honeycutt, Rainey, McMichael, Toomey, Gerhart, and Gabel

Member absent: Schmeiding

President Allen called meeting to order at 10:00 am, Sept 11, 2019, and welcomed all present and thanked them for their attendance.

There seems to be some misunderstanding regarding the FFE (full field eligible) and FFI (full field ineligible) especially in regard to the more popular U picks. Various suggestions were made to rename them to be more explainable, however, it was decided that most of the misunderstandings had been cleared up and that changing the name would cause more issues.

Following a rain issue at a recent Fun Day, the question of who would be responsible for problems at a Fun Day came up. President Allen noted that the President may not always be at a Fun Day. It was decided that the Fun Day Manager, after conferring with the course pro, would make decisions regarding: delayed starts, suspensions during play, and cancellations prior to end of scheduled event.

Ned Hedges would like to have someone else assume the duties of making out the league schedule. He has the schedule on a spread sheet and all that need be done is enter names and change dates. This seems simple enough, but there is significant time crunch between end of registration in mid April and start of league play the first Wednesday of May. The person taking on this responsibility need not be a current board member, but someone who is able to spend ample hours during the crunch time.

There was discussion regarding those individuals who are unable to follow directions as to number of scores to use at various formats in Fun Days. The consensus was that if the scorer cannot follow directions and their partners cannot check, then they will be disqualified.

Meeting adjourned at 11:00

Gary Westerhoff
Elected Secretary
